

Eng-Com was founded by David Peck in 2001 to offer business development and technical services for the Engineering and Commercial sectors – hence our name. A major focus for the company has been provision of spares and service advice for On-Load Tapchangers and oil immersed HV Switchgear. In particular we have the following capability:

- Australian agent for Ferranti Tapchangers Limited, UK
- Australian agent for Powerserve UK Limited
- Australian agent for Brush Transformers Limited (Fuller / ATL tapchangers)
- Supply of pattern parts for a wide range of other types including AEI, English Electric and many other former UK manufacturers.
- Provision of on-site service supervision and assistance
- Stock holding in Melbourne, backed up from the UK

Key customers include: Ergon, Energex, NRG Gladstone, Tarong, Integral Energy, Energy Australia, Country Energy, Loy Yang Power, Tru Energy Yallourn, Alinta, SP AusNet, Jemena, ETSA, Aurora Energy, Blue Scope Steel, Centennial Coal, ABB, Areva, Ampcontrol
